Any item listed here may be borrowed from the Library of the National Society for Crippled Children and Adults. Additional literature on any of the subjects will be sent to interested persons upon request.

Articles appearing in this Society's bimonthly magazine, THE CRIPPLED CHILD, or in the bimonthly news letter, THE CRIPPLED CHILD BULLETIN, are not listed in this Bulletin.

A complete index for this volume will be issued at the end of the year. A bibliography of publications which originally published the articles listed in this Index appears on Page 7.

Issued monthly to affiliated state and local societies for crippled children, state agencies engaged in the treatment, education, or vocational rehabilitation of cripples and public or private institutions and agencies having Institutional Membership in the National Society for Crippled Children. Available to others at 50¢ a year.

81. Are Epileptics Employable? National Association to Control Epilepsy, Inc., 22 E. 67th St., New York 21, N.Y. Pamphlet. 1945.

"Epileptics carefully selected and properly placed are valuable and desirable employees, and constitute excellent risks (probably preferred ones) from the standpoint of possible industrial accident."

82. Barber, H.S. Difficulties in the Diagnosis of Rheumatic Fever. Lancet Jan. 26, 1946. 4:1:122-123.
83. Becker, H.J. Pending Health Legislation. American Journal of Nursing. Jan. 1946 46:1:11-12.
84. Benning, H.M. Chronic Brucellosis: Success of Treatment with Brucellin. Journal of American Medical Association. 130:6:320-3 .
85. Blackstone, S. Learning to Hear Again. Volta Review. Sept 1945. 47:9:501-504.
86. Bradford, Capt. C.H., Graham, Maj. W. C. Hyperextension Back Brace for Treatment of Compression Fractures of the Vertebrae. Military Surgeon. Jan 1946. 98:1:40-42.

The back brace as an alternative to the plaster jacket. Illustrations.

87. Bruetsch, Walter. Malaria Therapy in Syphilitic Primary Optic Atrophy. Journal of American Medical Association, Jan. 5, 1946. 130:1:14-18.

Treatment in the control of failing vision due to syphilis.

88. Capener, N. Orthopaedics in Maternity and Child Welfare Work in England. Mother and Child. Jan. 1946. 16:10:141-146.
89. Condon, Minette. Library Therapy. Hospital Progress. Jan. 1946. 27:1:14-17.

Explains how a library plays an important part in therapy.

90. Conservation of Hearing in School Children. Journal of School Health. Feb. 1946. 16:2:36-39.

A report of the 1945 meeting of the Joint Committee on Health Problems in Education and its recommendations.

91. Copeman, W.S.C., Pugh, L.G.C. Effects of Artificial Dehydration in Rheumatism. Lancet. Nov. 3, 1945. 18:2:553-555.
92. Crawford, Ruth E. Schools can Help Combat Rheumatic Fever. Nation's Schools. Feb. 1946. 37:2:29-30.

"Schools are in a key position for identifying rheumatic fever's victims and in preventing recurrence."

93. Deaver, George G., M.D., Peterson, Lt. Kjell J. Pulley Exercises to Increase Joint Movement. Archives of Physical Medicine. Jan. 1946. 27:1:17-23.
94. Duke-Elder, P.M.; Wittkower, E. Psychological Reactions in Soldiers to the Loss of Vision of One Eye, and Their Treatment. British Medical Journal. Feb. 2, 1946. 4439:155-158.

95. Erickson, G.A. Convalescent Reconditioning and the Counselor. Public Welfare in Indiana. Dec. 1945. 60:12:9:14-15.

Description of services at Wakeman Convalescent Hospital at Camp Atterbury, Indiana.

96. Esther, Sister St.-S.S.J. Common Sense and Speech-Teaching. Volta Review. Sept. 1945. 47:9:485-486, 542.

97. Facial Hemiatrophy Cause. Science News Letter. Jan. 26, 1946. 49:4:54.

Disease in which one side of the face withers may be due to inborn weakness of the nervous system. No cure is known.

98. Fay, L.C. Bedside Campus. Michigan Education Journal. Jan. 1946. 23:5:248-253.

Picture-Story of educational reconditioning at Percy Jones Institute, Battle Creek.

99. Forden, E.P., M.D. Organizations in the Field of Heart Disease. Chicago Heart Association Bulletin. July-Dec. 1945. 23:7:1-7.

A discussion of what has been accomplished in this field and future possibilities.

100. Gardner, Lt. H.N. Hospital Gymnastics. Science News Letter. Nov 10, 1945. p. 298-299.

"Exercise may be classed as required medicine for the sick. Leg-stretcher, chest lifter, lung conditioner are only a few of the forms now used."

101. Goldberger, Barbara, M.D., Goldberger, Jacques, M.D. Psychosomatic Concepts in Physical Medicine. Archives of Physical Medicine. Jan. 1946. 27:1:5-11.

102. Greene, James S. Hope for the Stutterer. Hygeia. Feb. 1946. 24:2:120-121.

103. Grimaldi, J.V. Physically Exceptional Safety Engineering. Jan 1946. 91:1:46.

104. Gumpert, Martin. Adventures in Medicine. Nation. Feb. 9, 1946. 162:6:166-167.

105. Guthrie, Virginia S. Creative and Expressive Activities for Young Deaf Children. Volta Review. Jan. 1946. 48:1:14-17, 54-58.

106. Harvey, V; Luongo, P. Physical Capacity for Work. "Principles of Industrial Physiology and Psychology Related to the Evaluation of the Working Capacity of the Physically Impaired." (Occupational Medicine) Jan. 1946. 1:1:1-47.

This report is devoted to the U.S. Civil Service Commission's program for employment of physically impaired persons.

107. Hayes, Melvin L. Uncapping Handicaps. Kiwanis Magazine. Jan. 1946. 31:1:22.

108. Hazenhyer, I.M. A History of the American Physiotherapy Association. Physiotherapy Review. Jan-Feb. 1946. 26:1:3-14.

109. Hellebrandt, F.A., M.D. Challenge of Rehabilitation. Virginia Rehabilitator. Feb. 1946. 2:5:1-2.

110. Homer, Jr., W.F. Eyes Have It. Hygeia. Feb. 1946. 24:2:96-97, 155-159.

An explanation of Retrolentel Fibroplasia.

111. Huddleston, O.L. Physical Therapy and Reconditioning Therapy at Fitzsimons General Hospital, Denver. Archives of Physical Medicine. Jan. 1946. 24:1:11-17.

112. Hyman, H. Convalescent Care-Neglected Factor? Hospitals. Jan 1946. 20:1:62-63.

113. Keefe, B.V. Little Boy Lost? Tennessee Teacher. Feb. 1946. 13:6:31-32.

114. Kriehbaum, H. Better Break for Veterans. Survey Graphic. Jan 1946. 35:1:15-17, 26-27.

"The 'GI's general' now at the head of the Veteran Administration is re-building its post-World War I machinery to bring services up to today's standards and needs."

115. Kruif, Paul de. Many Will Rise and Walk. Readers Digest. Feb. 1946. 48:286:79-82.

"Illness and accident leave thousands crippled by muscle spasm. For these unfortunates, there is bright promise in prostigmin."

116. Kunkel, Capt. Paul. Reconditioning Program in an Overseas General Hospital. Physiotherapy Review. Jan-Feb 1946. 26:1:21-23.

133. Poor, J.L. Field Work Training of a Visually Handicapped Student. Family. 26:10:368-371.
134. Posture Fundamentals Illustrated: The Patient. American Journal of Nursing. Jan. 1946. 46:1:20-21.
135. Potter, E.L. RH Factor, Vitamin K and Rubella Virus in Relation to Infant Mortality and Morbidity. American Journal of Public Health and The Nation's Health. Feb. 1946. 36:2:101-109.
136. Price, Mark. Hope for the Homebound. Nation's Schools. Feb. 1946. 37:2:48.

Possibilities of two way radio telephone in educating homebound.

137. Ransom, C.F. A Survey Among Adult Cerebral Palsied. Crippled Child. Feb. 1946. 25:5:162-163, 178.

138. Reis, Hilda. "If Kerr Can Do It-I Can" Courier. Jan. 1946. 25:7:6-7, 24-25.

Donald Kerr demonstrates to amputees in a hospital ward that a wooden leg is just an "inconvenience" not a handicap. Illustrations.

139. Roberts, Grace. Treatment Program for the Pre-School Cerebral Palsied Child. Crippled Child. Feb. 1946. 23:5:151-154, 177.

140. Roland, P; Osborne, M. Importance of the Family in Rehabilitation. Occupational Therapy and Rehabilitation. Dec. 1945. 162:6:253-255.

The importance of parent attitude toward returned handicapped veteran.

141. Rossi, Wm. A. Prosthesis for War Amputees. Surgical Business. Dec 1945. 8:12:16-19.

142. School Health Policies for the Handicapped. Journal of Exceptional Children. Jan. 1946. 12:4:106-107:121.

143. Science Extends Frontier of Selective Placement. Employment Service Review. Nov. 1945. 12:11:3-24.

Entire issue devoted to the employment of the disabled.

144. Sensory Aid for Blind. Science News Letter. Nov. 10, 1945. p. 294.

Will permit its user to locate all obstacles within a radius of 20 feet by using a photoelectric cell and a beam of light.

145. Sexton, L.P. What Do You Know About Your Eyes? New Hampshire Health News. Dec. 1945. 23:12:230-231.

A Memo to Parents and Teachers written in question and answer style.

146. Sheldon, Wilfrid. Tuberculous Rheumatism. Lancet. Jan 26, 1946. 4:1:119-121.

147. Sieracki, L.A. Post-Convalescent Care of Rheumatic Fever. Rhode Island Medical Journal. Oct. 1945. 28:10:720-721:730.

148. Stecher, R.M. Arthritis and Rheumatism. Hygeia. Feb 1946. 24:2:112-113, 142-143.

Includes all types--Arthritis, Bursitis, Fibrositis, Gout, Lumbago, etc.

149. Stein, Evelyn. Handicapped Scouts Enjoy Outdoors. Crippled Child. Feb. 1946. 23:5:166.

150. Stevens, Hazel. Difficulties in Group Adjustment Encountered by the Physically Handicapped. Crippled Child. Feb. 1946. 23:5:155-156, 177.

151. Struble, Lt.Col. G.C., Kreft, Maj. A.J. War Injuries of the Eyes and Visual Pathways. War Medicine. Nov-Dec 1945. 8:5:290-304.

152. Suggested School Health Policies-IV. Health Aspects of Physical Education. V. Education and Care of the Handicapped. Public Health Nursing. Jan 46 38:1:24-27

153. Vaiden, Alice. Music Therapy for the Handicapped. Special Education Review. Dec. 1945. 3:1:23-25.

Music adapted to six distinct handicapped groups of children.

154. Voorhees, D.C. Art Education for the Deaf Child. Special Education Review. Dec. 1945. 3:1:16-19.

Description of the approach of art education to the deaf child by the Bruce Street School.

155. Wadsworth, Maj. M.L. Rehabilitation Problems Presented by Returning Service Men Who Seek Psychiatric Help. Mental Hygiene. Jan. 1946. 30:1:65-73.

Deals with examples of the psychiatric problems that some returning soldiers will be presenting to social agencies, mental-hygiene clinics, and private psychiatrists.

156. Weiss, C. Reality Aspects of Blindness as They Affect Case Work. Family. 26:10:363-368.

157. Whildin, O.A. Hearing Aid Service for Children. Volta Review. Jan. 1946. 48:1:23-26.

158. Whitley, S.H. Hygienic Care of Children. Crippled Child. Feb 46. 23:5:159,177-78.

"The care of the premature, the infant, and the young child is the most neglected field of medical practice in Texas."

160. Wilson, Maj. G.D., Andrews, Capt. R.J. Remedial Swimming. Health and Physical Education. Feb. 1946. 17:2:70-71, 117-118.

161. Willis, Margaret. Education for Disabled Veterans. Crippled Child. Feb. 1946. 23:5:150, 176-177.

Explanation of Public Law 346 (The G.I. Bill of Rights) and Public Law 16 (The Vocational Rehabilitation)

162. Woodward, E.C. What Causes Campus Casualties? National Safety News. Dec. 1945. 52:6:32-33.

A report by the Council for Campus Safety based on its study at Illinois Tech's Armour Research Foundation and the Institute of Gas Technology.
